The California Public Utilities Commission (CPUC) will hold its annual Safety *En Banc* on October 19, 2016.

The CPUC's Safety Action Plan, which helps to fully integrate safety in all aspects of the CPUC's work, calls for an annual Safety *En Banc* that provides for an interactive discussion of utility safety. The 2016 Safety *En Banc* is devoted to a discussion of interconnected critical infrastructures, such as gas, electric, communications, transportation, and water. The *En Banc* will explore the manner in which critical infrastructures are interconnected, such that a disruption in one infrastructure may have cascading adverse effects in others. The *En Banc* will include a presentation on interconnected infrastructures, and small breakout sessions during which Commissioners and invited stakeholders will discuss different topics related to interconnected infrastructures.

Although a quorum of Commissioners and/or their staff may be in attendance, no official CPUC action will be taken at this event. With the exception of the breakout sessions, this *En Banc* will be available via webcast at:
